*Now Concrete
Lets You Get Creative*

Patène Aritectura, a unique coloration system applied topically, turns concrete into your “canvas” for creating an unlimited range of artistic statements, from mild to wild! Want to simulate a sun-bleached flagstone or fine Italian marble? Patène Aritectura achieves dazzling design options that create one-of-a-kind floors, paving or precast options. Patène Aritectura is a system of specialized coloring techniques that lets

you enhance ordinary concrete projects with a world of creative effects. With Patène Aritectura, you get a virtually unlimited range of options to fit any budget, any design criteria.

Whether your next project is a quiet residential entry, a commercial countertop or a high-traffic restaurant floor, you can depend on Patène Aritectura to create unique, dramatic effects limited only by your own imagination!

*More Versatile Than You Expect...
More Economical Than You Think*

Patène Aritectura is the efficient, affordable way to transform plain, gray concrete into beautiful, artistic spaces. Indoors or outdoors, residential or commercial, new construction or retrofit... Patène Aritectura offers the kind of versatility traditional concrete

treatments can't match. Patène Aritectura can be combined with our imprint systems, toppings systems, custom polishing systems or precast systems to create architectural concrete that is nothing short of breathtaking.

Finally, architectural concrete that complements the beauty of the surrounding environment, while offering real durability and easy maintenance. With innovative Patène Aritectura coloration system, there's no end to your creative potential!
